Dear Ms. Terrien:

Please share the following with Redistricting and Elections Committee Members, and enter it record. Thank you.

Sirs:

I am strongly opposed to “National Popular Vote,” and I expect you in the Michigan Leg to soundly REJECT it. Why? For the same reasons the Founding Fathers would disdain measure. The Founding Fathers created the Electoral College for a REASON: to make difficult for a demagogue to win the presidency. “National Popular Vote” is a dishonest, underhanded attempt to circumvent one of the U.S. Constitution’s most important check balances. In addition, “National Popular Vote” would encourage voter fraud—which I s why some of its backers support it.

Sincerely,
